

**Develop your skills, while earning money!**

## Context

- 360Crossmedia has been a communication company in Luxembourg for 21 years. We have recently set up a video studio in Paris, in La Défense.
- We are currently looking for freelance talent to participate in one-off assignments around the 360Box, our professional video studio.
- You will be working on different assignments such as filming, live e-conference broadcasts as well as technical support for our customers with their own 360Box.

# The benefits

## 1. Attractive and quick remuneration

Receive your payment on the **day your work is delivered!**

## 2. Commission on sales

In addition to our projects, sell our technology to your clients to earn **15% commission** on top of your salary!

## 3. Join a community with a long-term culture

For more than 21 years, we have been working with a wide range of talents and building long-term partnerships based on trust. Our goal: **to achieve as many assignments as possible with you!**

## 4. Develop your skills

As an accredited training center, we train you and deliver a "360Box Licence" **attesting to your digital skills**, which you can use on social networks and with your clients!

## 5. Simple and powerful technology

The 360Box studio is easy to use, allowing you to carry out our **missions quickly and without headaches.**

## About 360
